EDUCATION

National Institute of Technology (NIT), Kolhapur 2026 - Present | First Year

Bachelor of Technology: Computer Science, Artificial Intelligence & Data Science

- Core Coursework: Data Structures & Algorithms, Artificial Intelligence, Linear Algebra, Python, C Programming.
- Active participant in campus tech societies, algorithm workshops, and competitive AI sprints.

TECHNICAL SKILLS & CORE COMPETENCIES

Programming Languages: Python (Advanced), C, C++, JavaScript (ES6+), SQL, HTML5/CSS3
AI & Machine Learning: NumPy, Pandas, Scikit-Learn, Neural Network Fundamentals, Matplotlib, Data Wrangling
Interactive & 3D Web: WebGL, Three.js, Responsive Glassmorphic UI/UX, DOM Manipulation
Developer Tools: Git, GitHub, VS Code, Linux/Bash, Jupyter Notebooks, Google Colab (GPU)

FEATURED TECHNICAL PROJECTS

Neural Network Vision & Pattern Classifier

- Implemented a multilayer neural network architecture from mathematical scratch in Python.
- Formulated custom forward propagation, backpropagation, and loss functions (ReLU, Sigmoid, Cross-Entropy).
- Demonstrated dynamic pattern classification accuracy and visualized training convergence.

Data Science & Predictive Analytics Engine

- Designed end-to-end data pipeline: statistical cleaning, normalization, and outlier detection.
- Trained regression and classification models to generate predictive forecasts with high R2 and RMSE metrics.
- Generated correlation heatmaps and automated feature importance distribution graphs.

Algorithmic Graph & Pathfinding Visualizer 3D

- Interactive graph search engine rendering Dijkstra, A* Heuristic, BFS, and DFS traversals in 3D space.
- Engineered real-time obstacle generation, weighted edge traversal, and dynamic queue optimizations.

HACKATHONS & ACADEMIC ACHIEVEMENTS

NIT Kolhapur Tech Hackathon 2026 - AI Track Leader

- Spearheaded team development of intelligent optimization model for campus smart energy allocation.

National AI & Data Science Sprint 2026

- Built automated data validation scripts during 36-hour sprint; finished in top national quartile.

CERTIFICATIONS & HONORS

- AI & Data Science Specialization - NIT Kolhapur Honors Foundation Track (2026)
- Python & Data Structures Computational Problem Solving Credential (2026)
